

QUALITY MANAGEMENT SYSTEM - INCIDENT REPORT

Report ID: QMS-2026-9042 | Customer: Global Pharma Logistics | Date: 28 July 2026

Complaint Source:	Logistics Warehouse Inspection
Customer Name:	Global Pharma Logistics
Product Name:	Paracetamol Oral Suspension
Product Strength / Dosage:	120 mg / 5 mL (100 mL Bottle)
Batch / Lot Number:	PAR202604B
Affected Quantity:	500 bottles (5 Master Shipper Cartons)
Manufacturing Date:	10 April 2026
Expiry Date:	09 April 2028
Impacted Non-Product Material:	Secondary Shipper Packaging & Bottle Cap Seals

INCIDENT DETAILS

Upon receipt at central distribution hub, 5 master cartons of Paracetamol Oral Suspension 120mg/5ml (Batch: PAR202604B) were found wet with leaking liquid syrup. Inspection revealed loose cap torque on multiple bottles causing leakage during transit. Stock has been placed on QA hold.
