

QUALITY ASSURANCE CUSTOMER COMPLAINT REPORT

Reference No: CC-2026-00154 | Date: 26 July 2026 | Priority: HIGH

Complaint Source:	Email Notification
Customer Name:	ABC Formulations Ltd. (Client: Zenith Life Sciences)
Product Name:	Metformin Hydrochloride API
Product Strength / Grade:	IP / BP Grade
Batch / Lot Number:	MFH260712A
Affected Quantity:	25 kg (1 HDPE Drum)
Manufacturing Date:	25 June 2026
Expiry Date:	Not Provided
Originating Site Block:	API Synthesis Unit - Block B
Impacted Materials:	Primary Packaging (HDPE Drum & Poly Liner)

DEFECT SUMMARY & NARRATIVE

During incoming quality control inspection at ABC Formulations Ltd., quality inspectors observed multiple dark foreign particles embedded within the bulk powder of one sealed 25 kg HDPE drum of Metformin Hydrochloride API (Batch: MFH260712A). The outer HDPE container showed no visible external damage or tamper marks upon receipt. The material has been immediately quarantined pending formal laboratory investigation and investigation of manufacturing logs.

INITIAL RISK CLASSIFICATION

Suggested Severity: CRITICAL

Suggested Next Action: Immediate Laboratory investigation & manufacturing record audit

Initial Assessment: Potential foreign matter contamination. High impact to API quality requiring immediate QA containment.
